Lease Equipment

00% Financing

\$1 ***End-of-Lease Options***
At the end of your Xi3 EcoLease, you can purchase the equipment at \$1 per piece, Fair Market Value (FMV), or simply return the equipment.

Budget Tailoring

An Xi3 EcoLease can be tailored to suit your specific budget requirements.

Tax Advantages

With the new tax laws, leasing usually provides larger write-offs than the depreciation of ownership, resulting in less taxes owed and/or larger returns.

*—Monthly savings vary based upon local electricity rates, computer configuration and usage, lease term, etc.

The shape of the three-sided single piece casing, the end plate, and the overall shape of the Xi3 Modular Computer, as well as Xi3, Modular, Xi3 Modular, EcoLease and ISYS Technologies are trademarks, service marks and/or unique trade dress of ISYS Technologies, Inc.

10 REASONS SMART BUSINESSES USE The Xi3[®] EcoLeaseSM

1 *ZeroNet Computing*

Monthly energy savings with eco-friendly Xi3[®] Modular[™] Computers can offset monthly lease payments entirely, resulting in net-zero desktop computing costs.

2 *100% Financing*

Any upfront costs including hardware, software, peripherals, maintenance, shipping, installation and training costs may be included in an Xi3 EcoLease.

3 *Conservation of Capital*

An Xi3 EcoLease conserves working capital by requiring only a minimum outlay of cash, usually just the first and last payment. This frees working capital for other profit-generating activities and investments.

4 *Preserves Credit*

An Xi3 EcoLease preserves lines of credit so you are ready should a business opportunity or unexpected demand for cash arise.

5 *Tax Advantages*

With the new tax laws, the depreciation advantage of ownership is far less attractive compared to leasing. Profitability is derived from use of the equipment—not the ownership.

6 *Fixed Payments*

Lock in low payments now with an Xi3 EcoLease while avoiding the risk of inflation in the future and simplify budgeting via monthly payments.

7 *Payment Flexibility*

The Xi3 EcoLease Program can be tailored to fit your specific budget. At the end of the lease term, you will have the option of purchasing the equipment for only \$1 or FMV (fair market value); or simply returning the equipment.

8 *Convenience*

You will spend a very minimal amount of time arranging a lease and your Xi3 EcoLease account manager will walk you through the process step by step.

9 *Obsolescence Avoidance*

The Xi3 EcoLease program affords you the opportunity to add-on, upgrade, or replace your Xi3 equipment. You can always have the latest & greatest from Xi3 at affordable low monthly payments.

10 *End of Lease Options*

At the end of the lease you can choose to purchase at FMV (Fair Market Value) or \$1 per piece of equipment, return the equipment, and/or initiate a new Xi3 EcoLease.

*—Monthly savings vary based upon local electricity rates, computer configuration and usage, lease term, etc.
